

List of 2023-2024 Interim Items Requiring Teacher Handscoring (Updated 8/31/2023)

This is a list of the Smarter Interim tests that are not autoscored by AI software. They will need to be handscored by educators. Material to score these can be found in TIDE and the Centralized Reporting System platforms. A one-pager about locating these **Scoring Materials** is accessible in Schoology and the DeSSA portal.

- **All ELA items will be autoscored by AI software for 2023-2024.**
- There are 19 handscored mathematics items for 2023-2024.
- You will notice some overlap between the mathematics item IDs for the IAB Performance Tasks and the ICA Performance Tasks because they are the same.
